

ROOFERS' SELECT®

High Performance Underlayment

Contractors across the country told us what they wanted in a high quality shingle underlayment. We've taken new technology and created Roofers' Select®, an underlayment with high performance features which exceed No. 15 organic felt and are comparable to No. 30 organic felt.

- Lays flat and is extremely resistant to wrinkling
- Reduces the likelihood of slipping for increased safety
- Doesn't tear away from fasteners when walked on or in strong winds
- Meets underlayment requirements for the CertainTeed Integrity Roof System™
